

The Video that Opens Your Eyes To A Whole New Way Of Judging!

A Key to Movement

KAREN G. ARMISTEAD

■ *A Key to Movement* organizes your looking. It directs you to the specific places where bones can always be seen regardless of coat or patterns of color. The graphics show you exactly *where* to look and help you *understand* what you are seeing. For the first time, you are offered a technique which will enable you to evaluate the movement of every breed!

■ *A Key to Movement* is an invaluable tool for serious fanciers, exhibitors, breeders and AKC licensed judges of all breeds.
